Josh Douglas

I have fished my whole life but it wasn't until a trip I took with my uncle when I was a teenager that I caught my first smallmouth bass, a nice four-pounder. I had never experienced that kind of enjoyment before and have been chasing it ever since.

As a tournament angler and full-time guide, I have extensive experience ranging from Minnesota to Florida.

Come and join me on one of Minnesota's world-famous "Ten Thousand Lakes." I will work hard to assure your fishing experiences are as unforgettable as mine.
